

DOUBLE-WALLED PAPER CUPS

Our double walled cup includes an extra layer of protection for those extra hot beverages! With the sleeve built right into the cup, there is no need for double cupping! By creating insulating air pockets in the cup's structure, external surface temperatures are lowered, allowing consumers to comfortably hold the cup when filled with their favorite hot beverage.

Don't forget environmentally friendly! Our cup is made out of fiber that comes from responsibly managed forests and meets the Sustainable Forestry Initiative® (SFI®) standards, not to mention 100% recyclable.
