

ECO PAPER CUPS

Go green with compostable products from Primary Printers! These compostable paper cups are lined with PLA; a resin made entirely from plants.

They are eco-friendly and 100% compostable in municipal and commercial composting facilities.

Our compostable paper cups can be either screen printed or offset printed providing options for small or large orders with either one or multiple colors. Custom printed compostable cups are printed on blank white cups with the 'ecotainer' logo at the bottom. Flat tear back lids or dome sip lids are available in black or white.

ECO-FRIENDLY CERTIFICATION

SFI © (Sustained Forestry Initiative)

BPI © (Biodegradable Products Institute)

ASTM - Conforms to standards for municipal composting

100% Compostable
